## Protect your identity – shred your documents

Identity theft is a serious crime. Those who have had their identities stolen have spent years and lots of money cleaning up the damage caused by identity theft. Shredding old records (such as charge receipts, bank statements, insurance forms, medical bills, and credit offers you receive in the mail) helps safeguard your identity by preventing thieves from finding these important pieces of information in the trash.

At the following two locations, we'll have all the other fun activities, *plus* a picnic, the Fun Machine Cash Cube\* and a professional shredding service on site from 10 a.m. to 2 p.m.
